### 2018-19 ON-CAMPUS INTERVIEWS AND INFORMATION SESSIONS

- **Fall 2018 Recruiting:** Next Day Reservations for Career Fair week. Limited interview space available per company for the day following Career Day. This is followed by the Pre-select Process, making resume review, candidate selection and scheduling easy for employers and students beginning September 20.
- **Spring 2019 Recruiting:** Next Day reservations are available for Career Fair week, followed by the Pre-select Process for the rest of the season.
- **Information Sessions:** Many companies use these meetings to kick off their on-campus interviewing event. Information sessions provide a convenient way of presenting information to students who have been selected for interviews. It also provides a way to informally recruit other interested students and fill slots on the interview schedule.
