Campus Colleagues,

Creating an ethical and safe workplace is of the utmost importance to Mines leadership. Mines expects its faculty, staff, graduate teaching and research assistants, undergrad student employees, and volunteers to perform the duties of their positions ethically and with integrity. Section 6 of the Faculty Handbook, Section 4 of the State Employee Handbook, and the Student Code of Conduct provide more detailed explanations of these expectations.

We all share the responsibility of creating a highly ethical, positive campus environment. This includes the responsibility to SpeakUP when you see or experience misconduct of any kind. Mines provides various mechanisms to assist and encourage individuals to come forward with reports or concerns about suspected misconduct and compliance issues. While partnering with your supervisor or department head to address concerns is best, we understand that there may be times when you feel uncomfortable pursuing such interactions.

Mines has a third-party reporting system called SpeakUP@Mines. This system allows you to use an outside party to advise Mines of misconduct or areas of concern. Your concerns can be anonymous if you so choose when making a report. The SpeakUP@Mines webpage contains reporting and contact information.

The Whistleblower Policy provides protection to report without fear of reprisal or retaliation. Whistleblower reports made to a supervisor or department head are to be forwarded immediately to the Director of Internal Audit upon receipt by the supervisor or other personnel.

The reporting tool is not designed or intended for day-to-day disagreements or differences of perspective (these issues should be addressed with your supervisor, department head, or leadership team member). The reporting tool is NOT for emergencies—call 9-1-1 to obtain immediate assistance from Campus Police.

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

I, the undersigned Colorado School of Mines employee, acknowledge receiving the above information. I understand I am supposed to perform my job duties ethically and with integrity. My signature below indicates my acknowledgement of this responsibility.

Rev 02.27.2017
FERPA
Family Educational Rights and Privacy Act of 1974
Confidential Student Data Agreement for All Mines Employees

FERPA, also known as the Buckley Amendment, helps protect the privacy of student records. The Act provides for:

- the right to inspect and review education records
- the right to seek to amend those records
- the right to consent the disclosure of information from the records
- the right to obtain a copy of the school’s Student Records policy

The act applies to all institutions that receive federal funding. Students who are currently enrolled in higher education institutions or formerly enrolled, regardless of age or status with regard to parental dependency, are protected. Deceased students are protected under FERPA as long as they were formerly enrolled. Students who have applied but did not attend an institution are not protected.

The following is a list of those who are entitled to student information:

1. The student and any outside party who has the student's written consent.
2. School officials who have “legitimate educational interest” as defined in FERPA.
3. Parents of a dependent student as defined by the Internal Revenue Code. Mines assumes all students are independent, and thus requires the front page of the parents’ current Federal tax return to prove that the student is dependent before giving out academic information. This can only be handled at the Registrar's Office and is only suggested as a last resort when a student is in a serious situation.
4. State or federal agencies for the purpose of obtaining Financial Aid.
5. Accreditation agencies during their on-campus review.
6. A judicial order or subpoena which allows the institution to release records without the student's consent, however, a “reasonable effort” must be made to notify the student before complying with the order.

Directory Information
The Colorado School of Mines will release the following Directory Information on any student (but not in aggregate lists), unless the student signs a request to limit its release. This “stop of release” will remain in effect until the Registrar’s Office is notified by the student. Notification to remove the stop of release must be made in person or writing by the student, and notarized. The following data items are classified as Mines Directory Information.

- Name
- Current and permanent addresses and phone numbers
- University Email Address
- Student Photo
- Date of birth
- Major field of study
- Dates of attendance
- Full or part time status
- Degrees awarded and dates
- Last school attended
- Participation in officially recognized activities and sports
- Class (FR, SO, JR, SR, GR)
- Academic honors

Parental Access to a Student’s Educational Record
When a student reaches the age of 18 or begins attending a post-secondary institution, regardless of age, FERPA rights transfer from the parent to the student. Parents must obtain a signed consent from their child to receive non-directory information. Schedules, attendance, class performance, and grades are among the non-directory protected information and may not be released to parents without student release or proof of IRS requirements.

The Registrar’s Office keeps the consent form on file when it is completed in person in the Registrar’s Office. Should a parent contact a Mines faculty/staff member regarding their child, records must first be checked for this release authorization prior to the release of any non-directory information.

In the case that the parent wants access to non-directory information, the student is not available to sign the release, and the student is a dependent of the parent according to the IRS code, the parent needs to provide a copy of the first
page of the 1040 IRS tax forms filed for the most current year with the dependency information included. Income amounts may be blacked out for privacy. This copy must be notarized and provided to the Registrar’s Office. This form must be provided for each year during the student’s enrollment in order for the parent to continue receiving full non-directory information concerning their student.

Posting of Grades and Release of Information by Faculty

- **GRADES** - The public posting of grades using the student’s name, social security number, student ID number, or any portion thereof, without the student’s written permission is a violation of FERPA. This includes the posting of grades electronically for students taking distance education or Blackboard courses that can be viewed by anyone other than the student and professor of the class.
- Faculty members who post grades should use a system that ensures that FERPA requirements are met. This can be accomplished either by obtaining the student’s written permission or by using code words or randomly assigned numbers that only the professor and individual student should know.
- Papers with student names and grades on them may not be left in public areas for students to pick up, whether in a classroom setting or in a hallway outside of faculty offices.
- If it is necessary for a faculty member to use a student record as an example in a public University meeting, all identifying information (including name, address, student ID, etc.) must be removed from the documentation before dissemination.
- Notification of grades via postcard violates a student’s privacy rights.
- Notification of grades via e-mail or fax is not recommended. There is minimal guarantee of confidentiality.
- Normal course grades (papers & tests) can be posted and viewed by students in the Blackboard system. Midterm and final grades may be viewed on the student web system.
- RECOMMENDATIONS - If a student requests a recommendation for a prospective employer, scholarship or other reason, you must get a signed release from that student listing exactly what you may share (gpa, attendance, course performance, grades, etc.). The release must also include the name of the company or individual to receive the information. This is permission to release the data only once to the stated third party.

Media Relations

If you are contacted by a member of the print or visual media, refer the requestor to Public Relations. Do not answer any questions about any student, especially if the student has chosen to not release his/her directory information. The appropriate statement for a student who has chosen to not release directory information is:

“I don't have any information about that person.”

Even the word ‘student’ in this context could imply that the person is a Mines student, please use the word person.

WHEN IN DOUBT, DON’T GIVE IT OUT!

For specific questions regarding FERPA requirements contact the Registrar’s Office or University Legal Counsel.

AS A MINES EMPLOYEE, I UNDERSTAND THAT I MAY NOT PROVIDE STUDENT ACADEMIC (NON-DIRECTORY) INFORMATION TO ANY THIRD PARTY WITHOUT THE PROPER AUTHORIZATION. I ALSO UNDERSTAND THAT IF THE STUDENT HAS MADE HIS/HER RECORD CONFIDENTIAL, I MAY NOT ACKNOWLEDGE THAT THE PERSON IS A STUDENT AT MINES AND I MAY NOT GIVE OUT DIRECTORY INFORMATION. I MUST RESPOND BY SAYING “I HAVE NO INFORMATION ABOUT THAT PERSON.” IF INFORMATION IS RELEASED WITHOUT AUTHORIZATION, ACTION MAY BE TAKEN THROUGH MY SUPERVISOR AND HUMAN RESOURCES.

1.0 BACKGROUND AND PURPOSE

Mines is committed to protecting the health, safety, and well-being of all employees, students, and other individuals in our workplace and campus community. Alcohol abuse and drug use can pose significant health, safety, and well-being concerns within the Mines working and learning environment.

1.1 There are many risks associated with the use of illicit drugs and the abuse of alcohol, including physical and mental impairment, emotional and psychological deterioration, and devastating effects on family, friends, and co-workers. Obvious risks include being charged with driving under the influence, sustaining or causing personal injury, and suffering immediate health risks (hangovers, incapacitation, overdose, convulsions and death). A number of less obvious risks include poor job performance, jeopardizing future career prospects, unwanted and inappropriate sexual activity, slowed reaction times, short-term memory impairment, irritability and depression, and mental confusion. Information about the known effects of alcohol and specific drugs is available from many on-line sources, the Mabel M. Coulter Student Health Center, and the Colorado State Employees Assistance Program (C-SEAP).

1.2 As a recipient of federal contracts and grants, Mines is subject to federal laws and regulations with respect to drug and alcohol use in the workplace. The Drug-Free Workplace Act of 1988 requires that Mines establish drug and alcohol policies and programs. In addition, former Colorado Governor Roy Romer issued Executive Order D000291 regarding Substance Abuse by State Employees. In accordance with the above, Mines has enacted the following policy applicable to all employees and certain other covered individuals.

2.0 POLICY

It is the policy of Colorado School of Mines to maintain a drug-free workplace and campus. The unlawful possession, use, manufacture, or distribution of illicit drugs on the campus, in the workplace, or as part of any School activity is prohibited. In addition, the illegal use of alcohol or misuse of alcohol on the campus, in the workplace, or as part of any School activity is also prohibited. The campus and workplace includes all Mines premises and any premises where Mines activities are conducted.

---

1 This Drug-free Workplace Policy is also intended to comply with the Drug-Free Schools and Communities Act of 1989. Additional information about maintaining a drug-free campus community may be found here: AOD Education and Prevention Policy.
2 As described below including campus volunteers, contractors, and visitors.
3 Except as authorized under the Board of Trustees Institutional Alcohol Policy.
2.1 The unlawful possession, use, or distribution of illicit drugs and unlawful or unauthorized use of alcohol by employees will result in disciplinary action (consistent with Mines policies, and local, state, and federal laws). While Colorado’s Constitution allows for the legal use of marijuana under certain circumstances, because of Mines’ status as a federal contractor and grant recipient, and because marijuana use is still prohibited under federal law, the use of marijuana at work, or outside of work if it impairs an employee’s ability to perform his or her job, constitutes a violation of this policy.

2.2 Discipline, depending upon the circumstances involved, may range from verbal warnings or counseling, written corrective action or disciplinary actions, up to and including termination of employment. In addition to discipline, or in lieu of it, employees may be referred to appropriate counseling or treatment programs (at the employee’s expense). Employees found to be in violation of this policy may be required to provide evidence of satisfactory participation in a substance abuse assistance or rehabilitation program.

2.3 Violators of the policy may also be referred to the appropriate authorities for prosecution depending on the circumstances of the violation.

2.4 It is not the intent of this policy to prohibit the possession or use of legally prescribed controlled substances for medical reasons by the individual for whom the medications are prescribed. Any employee taking prescribed or over-the-counter medications is responsible for consulting the prescribing physician or pharmacist to determine whether the medication may interfere with the safe performance of his or her job. It is the responsibility of the employee to use appropriate personnel procedures (e.g., proper use of sick leave as needed and appropriate, etc.) and to inform his/her supervisor if such medication may temporarily impair the employee’s ability to safely and satisfactorily perform assigned duties.

2.5 Irrespective of the use of legally prescribed drugs, controlled substances, and the lawful use of alcohol, it is a violation of workplace standards to be at work in an impaired status. If an employee is at work in an impaired status, Mines has the right to take such disciplinary action as Mines deems necessary to ensure work is safely and properly performed. Being unfit for work because of use of drugs or alcohol is strictly prohibited, and is grounds for termination of employment. While this policy refers specifically to alcohol and drugs, it is intended to apply to inhalants and all other forms of substance abuse.

2.6 In accordance with the specific requirements of the Drug-Free Workplace Act of 1988, employees who are convicted (including a plea of nolo contendere) of a criminal drug statute violation occurring in the workplace must notify the Colorado School of Mines in writing of their conviction within five (5) days thereafter by informing their supervisors and the Associate Vice
President of Human Resources.

2.7 Employees who are required to obtain Commercial Drivers Licenses in order to drive vehicles heavier than 26,000 pounds, vehicles placarded for the transportation of hazardous materials, and/or vehicles designed to carry sixteen (16) or more persons are subject to a protocol of testing for the use of drugs and alcohol.

2.8 As a condition of employment, all Colorado School of Mines employees are required to follow this policy.

3.0 REHABILITATION

3.1 Mines recognizes alcohol or drug dependencies are treatable conditions. Employees who suspect they have an alcohol or drug dependency problem are encouraged to seek assistance. Successful completion of an appropriate rehabilitation program (including participation in aftercare) may be considered as evidence of eligibility for continued or future employment.

3.2 Employees who are concerned about substance use, abuse, and rehabilitation are strongly encouraged to contact their family physicians, their health plan, or the Colorado State Employees Assistance Program. (C-SEAP contacts are confidential and free of charge to the employee.) Health insurance plans may provide coverage for substance abuse programs that address substance abuse and rehabilitation. The Office of Human Resources has information about the health plans. Additionally, the health plan documents can be found at: http://inside.mines.edu/Employee_Benefits.

4.0 OTHER COVERED INDIVIDUALS

4.1 Individuals who are not Mines employees, but who perform work at Mines for its benefit (e.g., independent contractors, temporary employees provided by agencies, visitors engaged in joint projects at Mines, volunteers, etc.) are required to comply with this policy. Mines expects personnel of contractors, common carriers, and vendors working on Mines premises to comply with this Drug Free Workplace Policy. Failure to cooperate with Mines in this regard may result in removal from Mines premises and denial of future entry.

5.0 HISTORY & REVIEW CYCLE

This policy is subject to Annual (As Needed) Review.
December 9, 2014 (Updated links, spelling, history & review cycle added).
1.0 BACKGROUND AND PURPOSE

The Colorado School of Mines is committed to:

- Providing students educational programming about alcohol and other drugs (AOD), and information and access to appropriate community resources and professional counseling; and
- Protecting the safety, health, and well-being of all employees, students, and other individuals in our workplace and campus community.

Alcohol abuse and illegal drug use can pose significant safety, health, and well-being problems within the Mines working and learning environment. The federal Drug-Free Schools and Communities Act Amendments of 1989 (P.L. 101-226) requires annual notice to the campus community of specific requirements of the law applicable to both students and employees. This policy addresses the following:

- Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of its activities.
- The School’s commitment to imposing disciplinary sanctions on students and employees consistent with local, state, and federal law, and a description of those sanctions, up to and including expulsion or termination of employment and referral for criminal prosecution.
- A description of the applicable legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol (for students and employees).
- A description of the health risks associated with the use of illicit drugs and the abuse of alcohol.
- A description of alcohol and other drugs (AOD) counseling, treatment, or rehabilitation or re-entry programs available to employees and students.
- The School’s commitment to conducting a biennial review of its program.

Employees, like students, are covered under the Drug Free Schools and Communities Act, and are subject to this policy. In addition to reviewing this policy, employees should also review the Mines’ Drug Free Workplace Policy.

2.0 POLICY STATEMENT

In compliance with the federal government’s Drug Free Schools & Communities Act, there are community standards and potential consequences at the Colorado School of Mines pertaining to the illegal use of alcohol or drugs. The unlawful possession, use, or distribution of illicit drugs, and the unlawful or unauthorized use alcohol by employees and students at Mines will result in disciplinary action consistent with School policies, and local, state, and federal laws.
While Colorado’s constitution allows for specific legal use, possession, and growing of marijuana under certain circumstances, because of Mines’ status as a federal contractor and grant recipient and because marijuana use is still prohibited under federal law, the use, possession and growing of marijuana on campus is prohibited. Student use of alcohol and other drugs (including marijuana) that results in an impaired ability to perform academically, or behavior that violates the Code of Conduct constitutes a violation of this policy.

3.0 DISCIPLINARY SANCTIONS FOR STUDENTS

The School will impose sanctions on any student or employee found to be in violation of campus standards as outlined in the Student Code of Conduct, or the Drug Free Workplace policy, respectively. Sanctions include, but are not limited to: required completion of an appropriate educational or rehabilitation program; suspension or expulsion from the School; and/or referral to the appropriate law enforcement authorities for criminal prosecution.

In addition to facing criminal charges, students who fail to comply with the law will be subject to appropriate campus disciplinary action, including probation, suspension, or dismissal. As a part of the Mines’ disciplinary procedure, a student who has violated this policy and is allowed to remain in school will be required to submit to drug testing as a condition of continued enrollment.

The Colorado School of Mines offers through its Counseling Center proactive alcohol and drug abuse programs designed to educate students about the dangers of substance abuse. Incoming freshman are required to complete an online AOD education course prior to matriculation. Students not completing the online course, who subsequently have AOD infractions, will be required to complete an AOD course as one of the sanctions.

4.0 LEGAL SANCTIONS

4.1 State of Colorado Sanctions

Please see Colorado Drug Law Summary on the web or see Attachment A.

4.2 Federal Sanctions

Federal law has numerous penalties for the illegal possession of controlled substances, possession of crack cocaine, and trafficking in methamphetamine, heroin, cocaine, cocaine base, PCP, LSD, fentanyl, and fentanyl analogue.

Possession sentences range from up to one-year imprisonment and $1,000 fine to 20 years imprisonment and fines up to $250,000. Forfeiture of personal and real property used to possess or to facilitate possession of a controlled substance can be a sanction for convictions. Sanctions can also include denial of federal benefits, such as student loans, grants, contracts, public housing tenancy, eligibility to receive or purchase
firearms, and professional and commercial licenses. Federal trafficking sanctions can range from one-year imprisonment and $100 fine to life in prison and a fine of $8 million.

5.0 HEALTH RISKS OF DRUGS AND ALCOHOL

Drug use poses a serious threat to the health and welfare of anyone involved in the use of illegal drugs, as well as a potential threat to the welfare of others within the campus community. This threat includes negative impact on academic performance and work productivity, estrangement of social relations, mental and physical health problems, reckless, negligent or intentional physical or emotional harm to others, and, in some cases, the possibility of serious bodily injury, illness, or death. Thus, the Colorado School of Mines’ position on drug use is that all students must comply with state and federal laws concerning the manufacture, possession, sale, and use of drugs.

5.1 Illicit Drugs

The use and overdose of illicit drugs, the non-medical use and overdose of prescription drugs, and withdrawal, can lead to physical and psychological dependence, behavioral changes, physical and psychological damage, and possible death.

Possible effects from the use of illegal narcotics include euphoria, drowsiness, respiratory depression, constricted pupils, and nausea. Narcotic overdoses can produce slow and shallow breathing, clammy skin, convulsions, coma, and death. Withdrawal symptoms can include tremors, panic, cramps, nausea, chills, and sweating. Mothers who use drugs during pregnancy may give birth to infants with physical abnormalities and mental retardation.

The unlawful use of depressants can cause slurred speech, disorientation, and drunken behavior. Overdoses can produce weak and rapid pulse, coma, and death. Withdrawal syndrome can include tremors, delirium, convulsions, and death.

Illicit use of stimulants can cause increased alertness, excitation, euphoria, increased pulse rate and blood pressure, insomnia, and loss of appetite. Agitation, increase in body temperature, hallucinations, convulsions, and death can result from stimulant overdose. Withdrawal syndrome can include apathy, long periods of sleep, irritability, depression, and disorientation.

Possible effects of the use of hallucinogens include illusions and hallucinations and altered perceptions of time and distance. Overdoses can produce longer, more intense effects, psychosis, and death.

The use of marijuana can produce euphoria, relaxed inhibitions, increased appetite, and disoriented behaviors. Overdoses can result in fatigue, paranoia, and psychosis.
Cannabis withdrawal can occasionally produce insomnia, hyperactivity, and decreased appetite.

For further information, students can contact the Counseling Center or the Mabel Coulter Student Health Center. Employees can contact the Colorado State Employees Assistance Program (C-SEAP).

5.2 Alcohol

Alcohol consumption may cause a number of significant changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at a greater risk than other youngsters of becoming alcoholics.

10.13 ELECTRONIC MAIL POLICY

I. STATEMENT OF AUTHORITY AND PURPOSE

This policy is promulgated by the Board of Trustees pursuant to the authority conferred upon it by §§23-41-104(1), C.R.S. (1997) and in accordance with the requirements of §24-72-204.5, C.R.S. (1997) in order to establish guidelines for the responsible and efficient use of CSM electronic mail, hereinafter "E-mail," services and to clearly set forth the rights and responsibilities of CSM employees regarding their use of E-mail. This policy shall supersede any previously promulgated CSM policy that is in conflict herewith.

II. POLICY

A. Introduction

CSM provides E-mail services to support the academic, research, and administrative functions of the institution. Employees must be mindful that use of E-mail is a privilege, not a right, and it should be treated as such by all users. Employees are permitted to use E-mail in a prudent manner for personal communications as long as such personal use does not interfere with the employee's performance of his or her job responsibilities or the business use of E-mail by other employees. Since confidentiality is not readily attainable when using E-mail and because many E-mail communications are public records, employees should never use E-mail to send any message that would be a source of embarrassment to the sender, to the recipient, or to CSM if the message were to be seen by others.

B. Definitions

1. E-Mail

An electronic message transmitted between two or more computers or electronic terminals, whether or not the message is converted to hard copy format after receipt and whether or not the message is viewed upon transmission or stored for later retrieval. E-mail includes electronic messages that are transmitted through a local, regional, or global computer network.

2. Public Records

All writings made, maintained, or kept by the State, or any agency, institution, or subdivision thereof, for use in the exercise of functions required or authorized by law or administrative rule, or involving the receipt or expenditure of public funds.

C. Scope of Policy

All E-mail communications and associated attachments transmitted or received over the CSM network are subject to the provisions of this policy. Additionally, since Colorado law provides that E-mail communications written in the conduct of public business are generally considered to be public records, all E-mail communications written and sent in the conduct of public business by CSM employees are subject to applicable provisions of this policy, regardless of whether the communication was sent or received on a public or privately owned personal computer.

D. Application of Public Records Statutes to E-Mail

E-mail messages are subject to many of the same statutes and legal requirements as other forms of communication, such as the Colorado Open Records Act, §24-72-201, et seq., C.R.S. (1997), which governs public access to CSM records, and the Archives and Public Records Act, §24-80-101, et seq., C.R.S. (1997), which governs the retention, archiving, and destruction of CSM documents and records. The Open Records Act treats electronic documents and files in the same manner as paper documents. All such documents are generally considered to be public records and are subject to public inspection unless they are covered by a specific statutory exception. E-mail messages that are public records must be retained in either paper or electronic format. E-mail messages that are not public records should be
deleted after viewing. The Archives and Public Records Act requires that all documents pertaining to the business of CSM, whether in paper or electronic form, be retained, archived, or destroyed, as appropriate. Disposition decisions regarding individual documents should be made at the operational unit level with cognizance of the definition of public records and in accordance with CSM operating procedures. Although current CSM practice includes the daily back-up of central computer files, including some E-mail messages, such back-up is only undertaken for temporary storage purposes and is not intended to serve as a mechanism for archiving public records.

E. Privacy and Confidentiality

Even though E-mail users may intend their messages to be private communications between themselves and another party, the privacy and confidentiality of E-mail cannot be guaranteed by CSM for many reasons, including the following: E-mail messages may be saved indefinitely on the receiving computer, copies of E-mail messages can be made electronically or on paper, E-mail messages can be intentionally or accidentally forwarded to others, and messages may be sent to incorrect E-mail addresses or be improperly delivered by an E-mail system. Although CSM employees are permitted to use E-mail for personal communications, they should be aware that there are more appropriate avenues of communication available for matters requiring privacy or confidentiality.

F. Monitoring of E-Mail Communications by CSM

CSM does not intend to monitor E-mail usage by its employees in a regular or systematic fashion; however, it does reserve the right to monitor such usage from time to time and without prior notice. Such monitoring may include tracking addresses of E-mail sent and received, accessing in-box messages, accessing messages in folders, and accessing archived messages. E-mail monitoring which focuses on a specific individual or a selected group of individuals, must be based on a reasonable suspicion of misuse or wrongdoing and must be approved in advance by the appropriate vice president or the President. CSM may take corrective action or disciplinary action against an employee based upon information obtained from monitoring or inspecting his or her E-mail communications. Furthermore, CSM may disclose E-mail communications sent to, received by, or relating to an employee to law enforcement officials without giving prior notice to the employee.

G. Prohibited E-Mail Practices

Employees are prohibited from engaging in any of the practices described below on the CSM network. CSM may suspend or revoke the E-mail privileges of any employee who abuses them. Additionally, CSM may impose appropriate sanctions, ranging from reprimand to termination, upon an employee who engages in one or more of the following activities:

1. Sending obscene or patently offensive E-mail without the consent of the recipient;
2. Sending intimidating, threatening, harassing, or abusive E-mail;
3. Intercepting, disrupting, or altering an E-mail communication without proper authorization;
4. Accessing, copying, or modifying E-mail messages from or within the electronic files or records of another without permission;
5. Misrepresenting the identity of the source of an E-mail communication;
6. Allowing another to use one's E-mail account for fraudulent purposes;
7. Using E-mail to interfere with the ability of others to conduct CSM business;
8. Sending unsolicited “junk” E-mail or mass electronic mailings, such as chain letters, without a legitimate CSM business purpose;
9. Using E-mail for commercial purposes unrelated to CSM business;
10. Reproducing or distributing copyrighted materials without appropriate authorization; and
11. Using E-mail for any purpose which violates state law, federal law, or CSM policy.

Promulgated by the CSM Board of Trustees on May 7, 1998.
1.0 BACKGROUND AND PURPOSE

Communication to faculty and staff is an important element of an effective work environment. It is vital that CSM has an efficient and workable means of getting important and timely information to faculty and staff. Examples of situations that require timely distribution of information could include school closures due to inclement weather, emergency situations that might arise, or other general distribution of information necessary to the effective functioning of the School.

Electronic communication through e-mail and Trailhead portal announcements provides a rapid, efficient and effective form of communication. Reliance on electronic communication has become the accepted norm within the Mines community. Additionally, utilizing electronic communications is consistent with encouraging more environmentally-conscious means of doing business and encouraging continued stewardship of scarce resources. Because of the widespread use and acceptance of electronic communication, CSM is adopting a policy regarding employment-related communications with faculty and staff.

2.0 POLICY

It is the policy of the Colorado School of Mines that official employment-related general communications with faculty and staff will be sent via CSM’s internal e-mail system. All faculty and staff will be assigned a CSM e-mail address and are encouraged to periodically check their CSM assigned e-mail address. It is expected that e-mail sent to faculty and staff will be read in a timely manner. Employment-related communications sent via e-mail to faculty and staff will be considered to have been received and read by the intended recipients.

3.0 Procedures

3.1 All faculty and staff will be provided a CSM e-mail address which they must activate.

3.2 Faculty and staff are expected to check their e-mail inbox for CSM employment-related communications on a frequent and consistent basis. Faculty and staff have the responsibility to recognize that certain communications may be time-critical.

3.3 The policy does not prevent faculty and staff from using a personal e-mail address for employment-related communication and purposes. However, if a faculty or staff member chooses to use a personal e-mail address as his or her
address of choice for receiving employment-related communications, in order to comply with this policy, he or she must forward e-mail from the CSM assigned e-mail address to the personal e-mail address.

3.4 Supervisors of employees or employee groups with limited computer access and limited e-mail access must print and post hard copy of School employment-related communications sent via e-mail. Examples of such communications could include, but not be limited to, notices or communications about: school events, revised or new academic or administrative procedures, school closures, emergency communications, and so forth.

3.5 Nothing in these procedures should be construed as prohibiting employment-related communications being sent via traditional means. Use of paper-based communication may be necessary under certain circumstances or may be more appropriate to certain circumstances. Examples of such communications could include, but not be limited to: employment contracts or letters, salary notices, individual personnel notices, layoff notices, disciplinary notices, communications regarding individual benefits, and so forth.
1.0 BACKGROUND AND PURPOSE

The Board of Trustees of the Colorado School of Mines (“Mines”) promulgates this policy pursuant to the authority conferred by §23-41-104(1), C.R.S., Title IX of the Education Amendments of 1972, 20 U.S.C. §§ 1681 et seq., and its implementing regulations, 34 C.F.R. Part 106; Title VII of the Civil Rights Act of 1964 (42 U.S.C. §§ 2000c and 42 U.S.C. §§ 2000e) and relevant sections of the Violence Against Women Reauthorization Act of 2013 (42 U.S.C. §§ 14043e et seq.). This policy shall govern if any other Mines policy conflicts with this policy’s provisions. This policy does not preclude application or enforcement of other Mines policies. This Policy shall be interpreted in a manner consistent with academic freedom and free speech so long as those activities do not violate this Policy.

2.0 POLICY

- Encourage Mines’ community members to appropriately report actual or suspected incidents of sexual harassment, sexual violence, and interpersonal violence that fall within the jurisdiction of this Policy;
- Take reasonable action to prevent incidents (or the recurrence of incidents) of sexual harassment, sexual violence, and interpersonal violence that deny or limit the ability of Mines’ students, faculty or staff to participate in or benefit from Mines’ educational and employment programs or activities;
• Provide supportive measures for Mines’ students, faculty and staff who have been impacted by sexual harassment, sexual violence, and interpersonal violence that fall within the jurisdiction of this Policy.

3.0 COORDINATION WITH OTHER MINES POLICIES

Mines’ Unlawful Discrimination policy shall apply to all other forms of harassment or discrimination alleged to have occurred within the Mines campus community. In cases where other Mines policies may have been violated in addition to this policy, this policy and its procedures will govern the investigation and adjudication of the incident(s).

For a detailed discussion of the terms referenced in this Policy, please refer to the definitions set forth in the procedures utilized to implement the Policy (as identified below).

4.0 MANDATORY REPORTING FOR EMPLOYEES

Mines has designated all its employees and certain categories of student employees as mandatory reporters for issues involving sexual harassment, sexual violence, and interpersonal violence. Mandatory reporters are required to contact the Title IX Coordinator and report instances of sexual harassment, sexual violence, and interpersonal violence immediately. Please see the procedures referenced below for more information regarding employee mandatory reporting obligations.

5.0 PROHIBITION AGAINST RETALIATION

This policy prohibits retaliation against any individual for reporting an allegation of sexual harassment, sexual violence, or interpersonal violence; for cooperating or participating in an investigation or another proceeding related to such allegations; or for engaging in activities to oppose sexual harassment, sexual violence, or interpersonal violence. Complaints or incidents of retaliation shall be addressed as separate violations of this policy.

6.0 SANCTIONS FOR VIOLATIONS

A violation of this policy may result in the imposition of sanctions. Sanctions imposed by Mines may include, but are not limited to, the following: mandatory attendance at relevant awareness and prevention training or other educational programs; oral reprimand and warning; written reprimand and warning; student probation, suspension, employment disciplinary action up to and including termination; expulsion; educational sanctions; restitution; and prohibition of entering the Mines campus or attending Mines’ sponsored events. Sanctions will be based on the severity of the infraction.

7.0 IMPLEMENTATION

The Board further directs the President or the President’s delegates to develop, administer, and maintain robust sexual harassment, sexual violence, and interpersonal
violence prevention programs, including appropriate training for students, faculty, and administrative staff.

1.0 BACKGROUND AND PURPOSE

Increasingly, incidents of violence and workplace confrontations are becoming more common throughout society. While this kind of behavior is not prevalent at Colorado School of Mines, and indeed it is rare, it is never-the-less prudent for CSM to clearly communicate its expectations of all who come to campus. Since August 1996, CSM has relied upon an Executive Order issued by Governor Roy Romer, for its Workplace Violence prohibition guidelines. The policy and procedures below are intended to amplify Governor Romer’s executive order and provide a reporting, complaint and resolution process.

2.0 POLICY

Colorado School of Mines is committed to maintaining an environment of respect that is free from violence or threats of violence. As a diverse community requiring trust, openness, and physical safety, CSM will not tolerate violence or threats of violence in the campus community and workplace. It is the policy of CSM not only to prohibit such behavior, but also to take seriously all reports of incidents, addressing each as appropriate. Further, all weapons identified and defined in Colorado Revised Statutes § 18-12-101 are banned from CSM premises. (Exception: Students who wish to possess firearms are referred to the Firearms Storage Procedures as outlined in the Campus Rules and Regulations section of the Student Handbook. All firearms must be stored at the CSM Department of Public Safety Office and all access will be controlled by the Public Safety Department.)

This policy applies to all persons conducting business with or visiting CSM, even though such persons are not directly affiliated with CSM. Individuals who violate this policy may be removed from the premises and, depending on the employment relationship, will be subject to disciplinary action that can include termination of employment as well as criminal prosecution, or both.

3.0 DEFINITIONS

3.1 Violent Behavior – Any act or threat of physical, verbal or psychological aggression or the destruction or abuse of property by an individual. Threats (including those made in person, by mail, over the telephone, by fax, by e-mail, or by other means) may include veiled, conditional or direct threats in verbal or
written form, resulting in intimidation, harassment, harm, fear, or endangerment of the safety of another person or property. In addition, acts or threats may include gestures or symbols.

3.2 Workplace or Premises – Includes all CSM property, facilities and off-campus locations where faculty, staff, or students are engaged in CSM business, educational programs, or activities.

4.0 PROCEDURES

4.1 Reporting: Faculty and staff involvement is essential to preventing violence or threats of violence. All members of the CSM community have a responsibility to report threatening or violent behavior. Each faculty and staff member must immediately report to his or her supervisor or department head, to the CSM Department of Public Safety, or to Human Resources any acts or behaviors covered under this policy. If the employee’s supervisor is the perpetrator, the employee must report the behavior to the next level manager.

4.1.1 Reporting Imminent Acts or Threats: In the case of an actual or imminent act or threat of violent behavior, call the CSM Campus Police Department at 303.273.3333 (from on-campus phones, simply dial 3333) or use 911 to alert the Golden Police Department who will coordinate with CSM police. When in doubt about the urgency of the threat of violence, CSM police should be contacted.

4.1.2 Criminal Acts: Any employee who believes a crime has been committed has the right to report that to the proper law enforcement agency.

4.2 Supervisors: Any supervisor who becomes aware of violent or threatening behavior must report the incident to his or her manager and to Human Resources. If the supervisor believes that someone may be in imminent danger, or if the incident in question resulted in anyone being physically harmed, the supervisor must first immediately contact the CSM Police Department and then report the incident to his or her manager and Human Resources.

4.2.1 Immediate Action: Nothing in this policy and procedures relieves a supervisor or manager from taking immediate action when the safety or security of employees or students is threatened and time is crucial. CSM will support efforts made by supervisors, managers, and campus specialists in dealing with immediate violent behavior or immediate threats of immediate violent behavior.
4.3 **Confidentiality:** CSM will ensure that all reports of workplace violence are treated confidentially to the extent possible. Reports of threatening or violent behavior will be disclosed as necessary in order to: (a) conduct an investigation, (b) to protect the reporting individual(s) from possible retaliation, (c) to complete disciplinary action, and (d) to protect the alleged offender.

4.4 **Investigation:** Upon a report of workplace violence, CSM will conduct an investigation as promptly as feasible. Depending on the level of the incident, the investigation may be led by CSM Public Safety, Human Resources, the department head in the affected department, or other CSM entity as appropriate. In most cases, an investigation will be a joint effort undertaken with the advice and counsel of CSM’s Office of Legal Services.

4.5 **Discipline and Sanctions:** Depending upon the outcome of the investigation, violation of this policy may result in employment-related discipline up to and including termination of employment. If the incident was of a nature where it was reported to a law enforcement agency, the criminal justice system may also impose penalties. Non-employee violations of this policy will be handled in accordance with applicable laws. Further, CSM will support criminal prosecution against any person who commits a crime in violation of this policy.

4.6 **Retaliation:** Reasonable action will be taken to ensure that persons involved in an investigation, or in providing information during an investigation, do not suffer any form of retaliation because of their good faith participation. Retaliation against anyone for good faith reporting of a violation of this policy or for cooperating in an investigation under this policy is prohibited and creates a separate, serious offense.

4.7 **False Charges:** If, upon investigation, it is determined that a report was intentionally falsified or made maliciously, the employee providing the false information will be subject to disciplinary action up to and including termination and, depending on the facts, may be subject to criminal prosecution.

4.8 **Restraining / Protective Orders:** Any employee who has obtained a restraining / protective order or other judicial order that lists a CSM location as a protected area must immediately provide a copy of the order to the CSM Campus Police. Other parties may also be informed when deemed necessary by CSM Campus Police for the safety of the CSM community.
4.9 Employee Assistance Program: Confidential counseling and assistance for employees and supervisors is available through the Colorado State Employee Assistance Program (C-SEAP) at no charge. C-SEAP program, services, and contact information may be found on the CSM Human Resources web site or at C-SEAP’s web page: http://www.colorado.gov/dpa/dhr/eap/index.htm.

4.10 Freedom of Expression: CSM recognizes the necessity of protecting individual rights and encouraging free speech, but also recognizes that certain conduct can threaten the mutual respect that is the foundation of scholarly communities. Nothing in this policy and these procedures is intended to curtail an individual’s right to express himself/herself as long as that expression does not constitute “Violent Behavior” as defined in these procedures.
1.0 BACKGROUND AND PURPOSE

This policy is promulgated by the Board of Trustees of the Colorado School of Mines (“Mines” or “the University”), pursuant to the authority conferred upon it by C.R.S. §23-41-104(1). Through this policy, Mines outlines its expectations regarding amorous relationships between Mines' community members. This policy shall govern if any of its provisions conflict with other Mines policies.

2.0 POLICY

For the protection of all Mines community members, amorous relationships with inherent conflicts of interest and significant power differentials are prohibited unless and until the conflict of interest is disclosed AND removed.

Even if both parties to the amorous relationship appear to have consented, if the parties are in unequal positions relative to one another, this may result in significant power differentials. The existence of a power differential may restrict the less powerful individual's choice to participate freely and willingly in the relationship due to actual or perceived coercion and/or retaliation. Mines considers there to be three categories of amorous relationships: a) those not subject to the restrictions below; b) those that are permitted with appropriate disclosure and conflict of interest monitoring; and c) those that are prohibited. The latter two are discussed below.

2.1 AMOROUS RELATIONSHIPS REQUIRING DISCLOSURE AND CONFLICT OF INTEREST MONITORING

If an amorous relationship between Mines community members does not have a current conflict of interest or power differential, but could reasonably result in either at some point in the future, then disclosure to and monitoring by the appropriate supervisor are required. Examples of amorous relationships that must be disclosed include, but are not limited to:

- Employees who have an amorous relationship with another person over whom they have indirect supervisory responsibilities (e.g., influence over assignments, oversight of hours worked or schedules, input regarding performance, etc.)

- An Instructor who engages in an amorous relationship with a student for whom the Instructor has no current professional responsibility, but where there is a reasonable expectation that the Instructor may have professional responsibility for the student at some point in the future.

2.2 PROHIBITED AMOROUS RELATIONSHIPS

The following amorous relationships are prohibited under all circumstances:
• No person in a Position of Trust, as defined below, shall engage in an amorous relationship with a student.

• No Instructor shall engage in an amorous relationship with a student who is enrolled in a course being taught by the Instructor, whose academic performance is supervised by the Instructor, or who volunteers for or performs work of any kind for the Instructor.

• No Supervisor shall engage in an amorous relationship with a person over whom they have direct supervisory responsibilities.

• No Mines employee shall engage in an amorous relationship with another Mines student or employee over whom they have evaluative responsibilities, such as in the context of a thesis or a promotion/tenure committee.

Any such relationship will be presumed to be non-consensual by Mines. Any employee who is aware of such a relationship is a mandatory reporter and must report the existence of a prohibited relationship to the Title IX and Equity Compliance office.

3.0 VIOLATIONS AND SANCTIONS FOR VIOLATIONS

• Engaging in an amorous relationship that is prohibited by this policy constitutes a violation that may result in sanctions up to and including removal of the employee’s supervisory, instructional or evaluative responsibilities and/or termination.

• Failing to disclose an amorous relationship as required by this policy constitutes a violation that may result in sanctions up to and including removal of the employee’s supervisory, instructional or evaluative responsibilities, and/or termination.

• In cases where a student employee has engaged in an amorous relationship that may have violated this policy, the matter will be referred to the Dean of Students for adjudication.

4.0 RETALIATION PROHIBITION AND SANCTIONS FOR RETALIATION

Mines’ employees may not retaliate against an individual for making a report under this Policy or participating in an investigation regarding allegations that fall within the Policy. Any employee who engages in retaliation may be subject to disciplinary action up to and including termination and/or expulsion. Reports of retaliation will be reviewed and investigated in the same manner in which other allegations of misconduct are handled.
5.0 IMPLEMENTATION

Mines’ Board of Trustees directs the President or President’s delegates to develop, administer, and maintain the appropriate administrative policies, procedures, and guidelines to implement this policy.

6.0 DEFINITIONS

**Amorous relationship**: a romantic, dating, or sexual relationship. This definition excludes marital or civil union relationships.

**Employee**: Any person employed or appointed by Mines, including but not limited to, academic faculty, administrative faculty, state classified staff, graduate assistants, student hourly employees, non-student hourly employees, non-paid staff, authorized volunteers, non-remunerative appointees, and student work-study employees.

**Instructor**: Any person who performs any teaching, instruction, or coaching duties at Mines, including academic faculty members, instructional staff, athletic coaches, non-remunerative appointees and graduate students with teaching or tutorial responsibilities.

**Person in a Position of Trust**: Any person employed in a position that could or would compromise the employee’s ability to perform his or her duties appropriately if they engaged in an amorous relationship with a Student. Persons in Positions of Trust at Mines include, but are not limited to, employees of the Admissions Office, Registrar’s Office, Student Life Division including the Residence Life Office, Center for Academic Services and Advising (CASA), and Public Safety Department.

**Student**: Any person who is applying to the University or who is currently enrolled at Mines, regardless of age or status.

**Supervisor**: Any person employed at Mines who occupies a position of authority over another employee with regard to hiring, administering discipline, conducting evaluations, granting salary adjustments, or overseeing or assigning work.

7.0 REVIEW CYCLE AND HISTORY

The policy will be reviewed at least every two years by the Title IX and Equity Officer. Promulgated by the CSM Board of Trustees on February 14, 1992. Amended by the CSM Board of Trustees on June 18, 1992. Amended and Administratively Adopted March 2012. Amended by the CSM Board of Trustees on July 15, 2016. (formerly known as the “Personal Relationships Policy”)
1.0 BACKGROUND, PURPOSE AND JURISDICTION

On July 15, 2016, the Board of Trustees of the Colorado School of Mines (“Mines”) adopted the Amorous Relationships Policy (“the Policy”). The Policy prohibits certain amorous relationships involving one or more Mines Employees due to inherent conflicts of interest. The Policy also mandates disclosure of amorous relationships between one or more Employees that could reasonably result in a conflict of interest. This procedure implements the Policy and provides for the following:

- a disclosure process through which Mines Employees can identify amorous relationships;
- institutional responses to rectify current or future conflicts of interest arising from amorous relationships; and
- a process for prompt, fair, and impartial investigation and resolution of complaints arising under the Policy.

2.0 DISCLOSURE PROCESS

2.1 When an amorous relationship must be disclosed, it is the responsibility of the person in the higher power position to initiate the disclosure.

2.2 The relationship must be reported immediately to the appropriate dean, department head, or supervisor so that suitable arrangements can be made to avoid current and future conflicts of interest.

2.3 The disclosure must be in writing and contain the following information:

- Name and status of the parties to the relationship;
- Identification of any potential or existing conflicts of interest;
- Date the relationship began; and
- Date the disclosure was required under this policy.

2.4 The supervisor who receives the disclosure will maintain the confidentiality of the relationship to the extent practicable. Disclosure of the relationship to a third party by the supervisor may be necessary in order for the supervisor to receive advice from the Human Resources or other campus departments, to explain a change in assignments, etc.

2.5 The supervisor will provide a copy of the disclosure document to the Title IX and Equity Compliance office to avoid any confusion in the event that office receives a complaint about the amorous relationship.
3.0 CONFLICT OF INTEREST RESOLUTION AND/OR MITIGATION

3.1 Disclosure of an amorous relationship may result in the removal of the supervisory, evaluative, or instructional responsibilities from the person in the higher position as deemed necessary by the supervisor.

3.2 Even if the conflict of interest can be resolved, the person in the higher position shall be held accountable for any unprofessional behavior resulting from the amorous relationship.

4.0 COMPLAINT

4.1 Complaints regarding amorous relationships or suspected amorous relationships will be referred to the Title IX and Equity Compliance office.

4.2 All complaints will be resolved through the Procedures for Resolving Complaints of Gender-Based Discrimination, Sexual Harassment, and Sexual Violence Against Employees or Third Parties, which are found in the Mines’ Policy Library.

4.3 In cases where a complaint is received about a student employee engaging in an amorous relationship that may have violated the Student Code of Conduct, the matter will be referred to the Dean of Students for adjudication.

5.0 SANCTIONS

5.1 Failure to disclose an amorous relationship referenced in the Policy may result in disciplinary action up to and including removal of the Employee’s supervisory, instructional or evaluative responsibilities and/or terminations of employment.

5.2 Misrepresentation of the circumstances of the amorous relationship by the disclosing party may result in disciplinary action up to and including removal of the Employee’s supervisory, instructional or evaluative responsibilities and/or terminations of employment.

6.0 REVIEW CYCLE AND HISTORY

These procedures shall be reviewed concurrently with the Amorous Relationships Policy. Procedures Administratively Adopted July 15, 2016.
1.0 BACKGROUND AND PURPOSE

Colorado School of Mines ("Mines" or "university") is committed to the safety of all individuals in its community. The university has particular concern for those who are potentially vulnerable, including minors, who require special attention and protection. This policy establishes guidelines for the Mines community-at-large, as well as for those in the Mines community who may work or interact with individuals under 18 years of age, with the goal of promoting the safety and well-being of minors and ensuring compliance with applicable laws.

All Mines Personnel, Volunteers, and Contractors are expected to be familiar and comply with the provisions of this Policy and any related university policies and/or procedures. This policy also establishes requirements for non-university organizations and entities, including but not limited to Recognized Student Organizations, that operate non-university programs or activities designed to include minors.

3.7 **University (or Mines) Volunteer:** An uncompensated individual who is authorized by a university department or unit to: a) perform civil, charitable, or humanitarian services related to the business of or in support of activities of the university designed to include minors; or b) gain personal or professional experience in specific endeavors involving minors. Volunteers perform services without a promise, expectation, or receipt of any compensation for services performed, including a promise of future employment. This definition does NOT include parents or guardians who are accompanying their child at a program or activity and who may provide incidental service for the program or activity.

3.8 **Academic Year:** Beginning of Fall Semester through the end of the Summer II session.

4.1 All University Personnel, Volunteers and Contractors must:

- Always be vigilant in protecting the well-being and safety of Minors with whom they interact on Campus or at a university program, event or activity.

- Watch for signs of Abuse or Neglect of Minors, and promptly report suspected instances of abuse or neglect, or violations of this policy or law, as provided in Section 5.0 below.

4.2 All University Personnel, Volunteers and Contractors who plan to operate, host, or initiate university involvement in a program, event, or activity (“Program”) designed to include Minors must provide information to the Office of Compliance and Policy by timely completing and submitting the Protection of Minors Event form.

- Such information shall include each Program’s dates, times, locations, estimated attendance (age range and number of participants), and the contact information for two responsible individuals who will make arrangements for the safety of Minors and other participants in the event of an emergency.
4.3 All University Personnel, Volunteers and Contractors who are responsible for the supervision or care of Minors, or whose duties would require close contact and/or time alone with Minors who are not enrolled or accepted for enrollment at the university, must complete a criminal background check and sex offender registry check in accordance with the university’s background check policy.

4.4 Non-university organizations and entities that operate non-university Programs on campus (including, but not limited to Recognized Student Organizations, lessees, etc.) are obligated to be familiar with this policy, ensure their staff, volunteers and participants are familiar with this policy, and take appropriate precautions to protect Minors participating in or attending their programs.

4.5 Non-university organizations and entities that operate Programs on Campus involving Minors must inform the appropriate Mines’ contract approval authority in writing if the organization or entity has any knowledge (whether obtained via background investigation or other means) of a criminal conviction or other adverse information regarding its employees, volunteers, or participants, the nature of which could impact the safety and well-being of other individuals on Campus, especially Minors.

4.6 Mines may exclude from Campus, at its sole discretion, any external Program employee, volunteer, or representative identified pursuant to subsection 4.5. Further, Mines may request any additional information it deems necessary to meet the requirements of this policy.
5.0 REPORTING POTENTIAL HARM TO MINORS

According to Colorado law, every person who has reasonable grounds to believe that a crime has been committed has a duty to promptly report the suspected crime to law enforcement authorities. An individual who reports a suspected crime in good faith is deemed immune from civil liability for reporting. [Section 18-8-115, C.R.S.]

6.1 The person receiving the report shall immediately notify (1) the Mines Department of Public Safety or the local police department if off-campus, AND (2) the Dean of Students Office or the Provost Office, AND other appropriate members of Mines senior leadership even if it is believed notification has already occurred.

- If the parents or guardians of the alleged victim have not been notified and are not the alleged abusers, notify the parents or guardians of the Minor involved.
- Investigate the report and resolve the matter in a way that safeguards Minors, protects the interests of victims and reporters, affords fundamental fairness to the accused, and meets relevant legal requirements.
- Facilitate the School’s cooperation with any investigation conducted by Mines Department of Public Safety, the Golden Police Department, and/or the Jefferson County CYF Department or other governmental agency.

7.0 ENFORCEMENT

Sanctions for violations of this policy will depend on the circumstances and the nature of the violation, but may include the full range of available university sanctions applicable to the individual, including suspension, dismissal, termination, and, where appropriate, exclusion from Campus. Mines may also take any interim actions it deems necessary before determining whether a violation has occurred. The university may terminate relationships or take other appropriate actions against non-Mines entities and individuals deemed in violation of this policy.

8.0 POLICY IMPLEMENTATION AND MODIFICATION

8.1 All University Personnel, Volunteers and Contractors subject to the background investigation requirement in Section 4.3 and engaged in new Programs not in existence at the time of the policy adoption must complete background check requirements prior to participating in the Program, unless a background check was completed within the five (5) years preceding participation in the Program.

8.2 All University Personnel, Volunteers and Contractors subject to the background investigation requirement in Section 4.3 and engaged in existing Programs at the time of the policy adoption must complete background check requirements within 90 days of the policy implementation date, or have had a background check completed within the five (5) years preceding their participation in the Program.
8.3 All University Personnel, Volunteers and Contractors subject to the background investigation requirement in Section 4.3 must complete background check requirements every five (5) years.

8.4 Background check investigation requirements and procedures are set forth in the university’s Background Investigation Policy.

8.5 The university will establish procedures and forms as appropriate to implement this policy and monitor compliance.
