Happy Graduation Month! This is such an exciting time in your life.

On behalf of the Mines’ community, please accept our congrats and a BIG high five. We understand that your brain is focused on decorating your mortarboard, practicing your diploma acceptance smile and planning your graduation party, but do take a few moments to read through this newsletter to help ensure a smooth transition to Mines.

---

**E-Days 2019**

Last month, you saw the 2019 E-Days theme release video. This month, check out this E-Days - Adventure in the SerengetE-Days overview video.
Admissions

Final High School Transcript
Please don't forget to request your final high school transcript at the end of the semester (and before your school closes for summer break) and have them sent to us (Office of Undergraduate Admissions, 1812 Illinois St. Golden, CO 80401).

Activate Your Trailhead Account
If you have yet to do so, please activate your Trailhead account (your Mines student portal) as soon as possible. You can begin the Trailhead activation process here and will need your Campus Wide Identification (CWID).

As a reminder, your CWID is: (provided in email)

Email Communications
All communications from the Department of Residence Life will be sent to your Mines email account. If you made your $200 deposit yesterday, please allow 24 hours for the Housing Portal to be available on your Trailhead account. Moving forward, most Mines departments will only communicate with you via your Mines email account, so do check that account frequently or have it forwarded to your primary email account.

---

Did You Know?

A recent ranking put Colorado School of Mines above Harvard when it comes to the brainiest school.

---

Department of Residence Life

Tuesday, May 15th is the Housing application deadline. Applications can be completed through your Trailhead account, please make sure that your application is complete by that date to ensure you have housing!

- As you review the roommate finder, please note that many of our rooms have been tripled and many of you will be living with two roommates. We suggest looking for two folks who you'd like to live with.
- If you are having trouble finding roommates specifically due to gender identity, please reach out to us! We want to help you as best we can, we know that systems on campus can make this a difficult
process. Reach out to housing@mines.edu and put “please forward to Mary Elliott” in the subject line if you’d like help!

Learn more about residence life for new students.

Please Note: All communications from the Department of Residence Life will be sent to your Mines email account, please check your mymail.mines.edu account regularly!

Want to Start at Mines this Summer? Learn More About our E³ Program

- Summer Early Entry Enrollment (E³) students get a head start on core courses (all of which meet graduation requirements).
- Courses are taken in a more relaxed summer setting when classes are smaller and the pace of life on campus is more leisurely.
- Summer E³ students make new friends ahead of the fall semester and become familiar with the expectations of the Mines academic experience.

How it Works
Incoming students can begin taking courses during our summer term rather than starting in the originally planned fall term by enrolling in the E³ program, as long as the course prerequisite(s) is/are complete.

The summer term is compressed, allowing completion of a full semester course in a six-week period. Services and facilities such as summer tutoring and academic assistance, the Student Health Center and the Student Center are open (but limited) throughout the summer and you will have access to them. The Student Recreation Center is also open but Summer E³ students will have to incur the monthly fee if they want to utilize this resource (it will be included in mandatory fees in the fall and spring semesters).

Once the summer term ends and the course/grade is posted to your student record, it will be applied to your official Mines’ degree-seeking transcript.

Dates
The summer term begins on June 24th, 2019 and ends on August 2nd, 2019.

Please refer to our course equivalency listing.

*Note: Chemistry I has a lab or studio component.
All summer course offerings can be found here and are available to take if you meet the prerequisite(s) and there is remaining capacity.

Please Note

- This is a commuter-only opportunity. On-campus housing is not available for summer E³ students.
- Summer 2019 Tuition and Fees are based on 2018-2019 tuition and fees.
- Students taking classes in the summer are generally not eligible for financial aid. Please email finaid@mines.edu before filling out this application if you are requesting financial aid.

Submission Deadline
If this opportunity is of interest to you, please click the button below, enter your Applicant Portal credentials and submit the Summer E³ Program Interest Form as soon as possible but before 11:59PM MST on Friday, June 7, 2019.

Summer E³ Program Interest Form

If you have any general questions about this opportunity, please reach out to us by emailing admissions@mines.edu or calling 303.384.2027.

Student Health Center

In order to ensure a smooth transition, please send the following required information via the Mines Health Portal (it's a bubble on your Trailhead main page) prior to June 15.

Access complete details regarding the immunization requirements and a “how-to” guide for submitting them. If you are currently under age 18, please have your parent/guardian complete the forms for you.

Required for ALL students

- MMR: Measles, Mumps and Rubella Vaccines (two vaccines – both received on or after your first birthday AND at least 28 days apart).
- TB Screening Questions (“Forms” tab found on the Health Portal) – Tuberculosis testing results if indicated by form.
- Proof of all immunizations must be UPLOADED to the Health Portal so they may be verified.

Additional requirement if you are living on campus

- Meningococcal ACWY Vaccine (given within the past four years) or Meningococcal Waiver Form. If your Meningitis ACWY vaccine is within the last four years and is listed on your immunization record, you do not need to do anything else. If you choose to waive the Meningitis requirement, please upload this form after completion.

If you are under age 18 years as of August 19, 2019

- Consent to Treat Minor (“Forms” tab found on the Health Portal). Please upload after completion.
Questions? Call us at 303.273.3381 – we’re happy to help. If we have questions for you, we will email your Mines @mymail.mines.edu email account.

---

**Office of Financial Aid**

**Newsletter Sign Up**

After August 1st all primary communication from Financial Aid will go through students’ Mines email account. Parents and family members are strongly encouraged to subscribe to our quarterly newsletter so they can stay up-to-date on important deadlines and information. Sign up for our Financial Aid newsletter!

**Completing Financial Aid Requirements**

In [Trailhead](https://www.mines.edu), go to the Financial Aid tab (left-hand toolbar) > Requirements (blue section) > 2019-2020 to ensure you have turned in all financial aid documentation. Financial aid will pay three days before classes begin if all requirements are complete.

**Student and Parent Loan Information**

Information about loan processing will be mailed via U.S. Post and emailed in June. There is no need to complete any loan documentation at this time.

---

**Center for Academic Services and Advising (CASA)**

CASA is your home for academic advising and academic support services during your first two years at Mines. **We want to remind you that your first semester schedule will be created for you by the Registrar’s Office.** Your schedule will be available to you in Trailhead on August 1st.

Your schedule will be created based on your intended major. You will have the opportunity to update your intended major in June. In the meantime, please visit our academic catalog to explore all of the possible majors you can pursue at Mines. All majors require core courses and major specific courses. You can review the course descriptions for courses required for each major should you want to explore the courses you can anticipate taking as an upperclass student.

We look forward to working with you soon!

---

**Dept. of Applied Mathematics & Statistics (AMS)**

Students interested in mathematics are encouraged to enroll in the Honors track, i.e., Calculus 2 (MATH122), Calculus 3 (MATH223/224) and Differential Equations (MATH235), as appropriate.

The Honors courses contain the same content as the standard core curriculum. In some cases, additional content is included. In all cases, the courses include educational outcomes focused on the practicing of mathematical writing. Additionally, the Honors courses focus on active learning through structured learning groups.

We encourage all students who are intrinsically motivated to study mathematics to consider enrollment in these courses now or in the future. The AMS honors courses are challenging but rewarding. If you have any questions, please contact ams@mines.edu.
Learn more about the AMS Honors courses!

Here are what some students are saying about the courses:

"I love how this course is truthfully challenging. I have never been more interested in math [than] I am now. I appreciate the project based structure."

"This was the best class I think I have ever had. I had so much fun in class and never missed a day!"

Bursar's Office

eBills
All bills for Mines are generated electronically. eBills for fall will be available in early August on your My Account Page in Trailhead. Tuition and fees are always due on the first business day after Census day for that semester. For this fall, that date is September 5th. Please visit our website for more details.

Payment Plans
If you are interested in paying for tuition and fees through a payment plan, once you have access to your Trailhead account, then you can enroll in the fall 2019 payment plan. Learn more about payment plans.

Parent PIN Access
Watch this video to see how to give your parents/guardians access to your My Account Page. This allows them to see the financial information of your account.

Mines Honored for Increasing Women's Participation in Computer Science

Philanthropic Efforts @ Mines

The Mines Panhellenic & Interfraternity Council continuously strive to make a positive impact on our community. We, as Fraternity & Sorority Life members, stand for service and understand the importance of teamwork in the quest for global change.

In 2018, the Greek community has volunteered 14,000 hours and raised over $32,000 for various philanthropies such as the Rocky Mountain Center for Multiple Sclerosis, the Bridge Project, Children’s Literacy and Women’s Heart Health.

If you are interested in helping us serve, please feel free to talk to our representatives at a Launch event or visit our Fraternity and Sorority Life website.

High Grade

High Grade is Mines’ annual journal of the arts (since 1976), featuring all genres of original fiction, poetry, photography, art and music from students, faculty, staff and alumni. We’re dedicated to putting the Arts back in STEM, full steam! Hope you’ll join our efforts when you’re an Oredigger!

Learn more and download our journal.
Congratulations again on your acceptance and your decision to attend Mines. We love it here and we welcome you to the next step in your college career.

CLASS – Campus Life and Student Success - consists of multiple immediately relevant offices for incoming students, including New Student Transition (NEsT), Residence Life, Center for Academic Support and Advising (CASA), Counseling Center, Health Center, Career Center and Student Activities Involvement & Leadership (SAIL).

CLASS believes you deserve rich experiences in and out of the classroom. We strive to help students develop their minds and the skills needed for a mature adulthood. In partnership with our campus community, we inspire students to climb to new heights, empower authentic leadership and strengthen pride in Mines. CLASS will provide an exciting and developmental “out of classroom” education experience through involvement with our student clubs and organizations and participation in campus events. More, we will work to strengthen your “in classroom” experiences with support services such as CSM101, career guidance and academic tutoring.

In addition to improving the student experience, CLASS has collaborated with others across the campus to enhance overall student well-being. Over the last year, we have researched best practices, assessed the current campus climate, and talked with students about what they need to be successful. These efforts have all focused on improving the physical health, emotional wellness, and general well-being of the students. Starting this summer and into the fall, watch for invitations from CLASS offices to participate in some activities and programs that will help you to be healthier, increase your knowledge and understanding of wellness issues, and introduce you to many of the support resources that exist here at Mines.

Please take advantage of all the great offerings coming your way. Our aim is to inspire students to experience all new opportunities, to self-advocate and to become leaders in their own lives as well as to instill a sense of belonging and pride in being an Oredigger.

We look forward to seeing you in August!

Sincerely,
Rebecca Flintoft, Associate Vice President of Student Life
Derek Morgan, Dean of Students
Colin Terry, Associate Dean of Students
Sigma Phi Epsilon - Balanced Man Scholarship

Are you an incoming male freshman to Colorado School of Mines who believes in the ideals of having a Sound Mind and Sound Body? Are you looking for a scholarship that recognizes your achievements inside and outside of the classroom? Sigma Phi Epsilon is offering over $2,000 for the Balanced Man Scholarship.

The Balanced Man Scholarship rewards students who have shown academic excellence, leadership skills and a commitment to their health and well-being. At the Colorado Delta Chapter at Mines, SigEp believes that recognizing students who demonstrate balance and all-around excellence is one way to promote this important idea. We are committed to helping our members develop the skills they need to succeed in the classroom, future careers and everyday life.

The scholarship will be awarded to the applicant who can exemplify being a balanced man in their everyday lives, and the awards will be presented at the Balanced Man Scholarship Banquet during the 2019 fall semester.

There is no requirement of joining the fraternity in order to be eligible to apply or win the scholarship. The application deadline is July 12th -- take the 15 minutes to apply now!

**Sigma Phi Epsilon Balanced Man Scholarship Application**

There will also be a physical application mailed to incoming male students in the summer.

If you have any questions about the scholarship, please don't hesitate to contact Joseph Herr via phone or email:

Phone: 907.406.7048
Email: jherr@mines.edu

---

Mines is committed to providing a fully accessible experience to all students and their families. If you’re planning to attend a forthcoming campus event and may benefit from any disability accommodation, please proactively communicate with the Admissions Office at admissions@mines.edu. If you would like more information about Disability Support Services at Mines or the process for requesting accommodations, please visit: disabilities.mines.edu.
